AEROSPOOL FLY IN 2026

BULLETIN No 1

This bulletin provides essential information for participants of **AEROSPOOL FLY IN 2026**. It contains operational procedures, event details, and practical guidance intended to support the safe and efficient organization of the event.

All participants are requested to familiarize themselves with the contents of this bulletin and follow the instructions provided throughout the event.

INTRODUCTION

WELCOME TO AEROSPOOL FLY IN 2026!

We are delighted to welcome you to Prievidza for a special gathering celebrating **35 years of Aerospool, over 1000 aircraft produced** and the shared passion that connects the worldwide WT community. From 28th – 30th August 2026, pilots, owners, families, friends, and aviation enthusiasts from many countries will come together at the home of the WT series to enjoy a weekend dedicated to flying, friendship, and unforgettable experiences.

Whether you are arriving in your own aircraft or joining us as a visitor, we hope you will enjoy the unique atmosphere of our **AEROSPOOL FLY IN**. Throughout the weekend, you can look forward to demonstration flights, factory tours, workshops, scenic flights, the WT marketplace, and the traditional Saturday evening hangar party. Above all, this event is an opportunity to reconnect with old friends, make new ones, exchange experiences, and celebrate the spirit of aviation together.

WE LOOK FORWARD TO SEEING YOU AT THE EVENT.

TEAM AEROSPOOL

INFORMATION

GENERAL INFORMATION

PLACE	**Aerodrome Prievidza (LZPE)**
ICAO CODE:	**LZPE**
DATE:	**Date: 28th – 30th august 2026**
ORGANIZER:	**Aerospool, spol. s r. o.**

Map of the event:

MANDATORY REGISTRATION AND FEES

Registration will take place below the control tower. Participants should follow the yellow "C" signs to reach the registration area. Registration for the factory tour and demonstration flights will be available during event registration.

The registration fee is **30 EUR per aircraft** and includes handling, all landings, and one event T-shirt. Participants arriving in **WT9** or **WT10** aircraft will additionally receive one admission ticket to the Hangar Party.

Additional Hangar Party tickets for other participants may be purchased during registration for **20 EUR**.

The registration fee is payable on site during registration. Payment can be made by cash or credit/debit card.

As the number of available parking and participation slots is limited, participants are strongly encouraged to complete their online registration as early as possible to secure their place.

The registration fee will be collected during on-site registration upon arrival. Payment may be made by cash or credit/debit card.

ACCOMMODATION

Participants are responsible for arranging their own accommodation. A selection of recommended hotels, offering discounted rates for AEROSPOOL FLY IN 2026 participants, is provided on the event website. Participants may alternatively arrange accommodation of their own choice.

As accommodation capacities are limited, participants are strongly advised to make all reservations well in advance to ensure availability. This also applies to the camping area at the Aeroclub Prievidza, where capacity is limited and advance booking is recommended.

CATERING

An aerodrome restaurant and a food stand will be available on site throughout the event. Non-alcoholic, alcoholic beverages and coffee will be available at restaurant or designated stands during the event. Breakfast will be available for campers.

PAYMENTS

Payments on site may be made in cash or by contactless payment.

PROGRAM OF EVENT

28th FRIDAY:

08:00 – 12:00 Arrival

13:00 – 17:00 Factory Tour / Demo Flight

17:00 – 19:00 Presentations

19:00 – 22:00 Night Fun

29th SATURDAY:

08:00 – 10:00 Arrival / Breakfast

09:30 – 10:00 Briefing

10:00 – 14:00 Scenic Flight

13:00 – 17:00 Factory Tour / Demo Flight

16:00 – 18:00 Presentations

19:00 – 00:00 Hangar Party

30th SUNDAY:

8:00 – 12:00 Departure

STATUS OF PRELIMINARY ENTRIES RECEIVED

Country	*People*	*Aircraft*
Austria	6	3
Belgium	4	2
Czech Republic	18	10
Denmark	1	1
France	49	25
Germany	25	14
Italy	1	1
Latvia	2	1
Netherlands	4	2
Poland	2	1
Portugal	2	2
Romania	6	2
Slovakia	15	7
Slovenia	4	2
Spain	2	1
Sweden	4	2
Ukraine	2	1
United Kingdom	2	1

PILOT INFORMATION

ARRIVAL

A significantly higher volume of aircraft movements is expected throughout the event. All participants are requested to review the applicable **VFRM** information for LZPE and the event **Bulletin** prior to arrival.

Pilots should exercise increased vigilance both in the air and on the ground, strictly follow published procedures and CTAF instructions, and use particular caution when taxiing in congested areas.

REPORTING POINTS AND HOLDING PATTERNS

Additional VFR reporting points have been introduced to support traffic sequencing during the event.

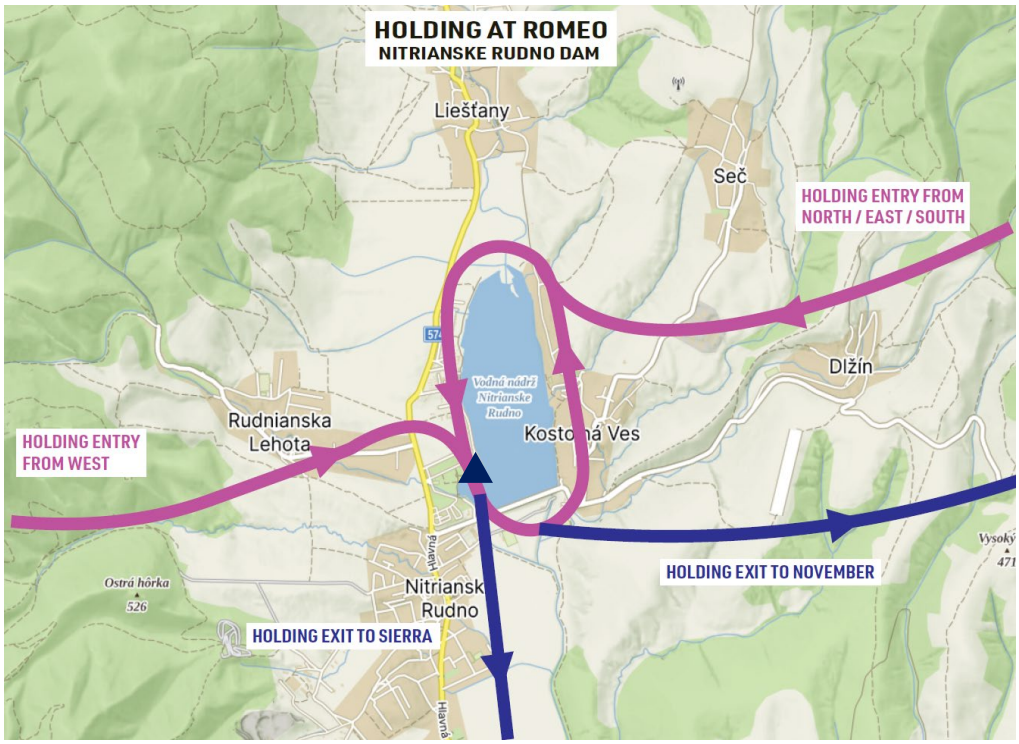
Restricted Area LZR40 will not be active during the event.

Reporting point:
ROMEO

GPS Coordinates:
N484807
E0182849

Holding pattern:
Left

Altitude:
3000 ft AMSL



Runway 04 Operations

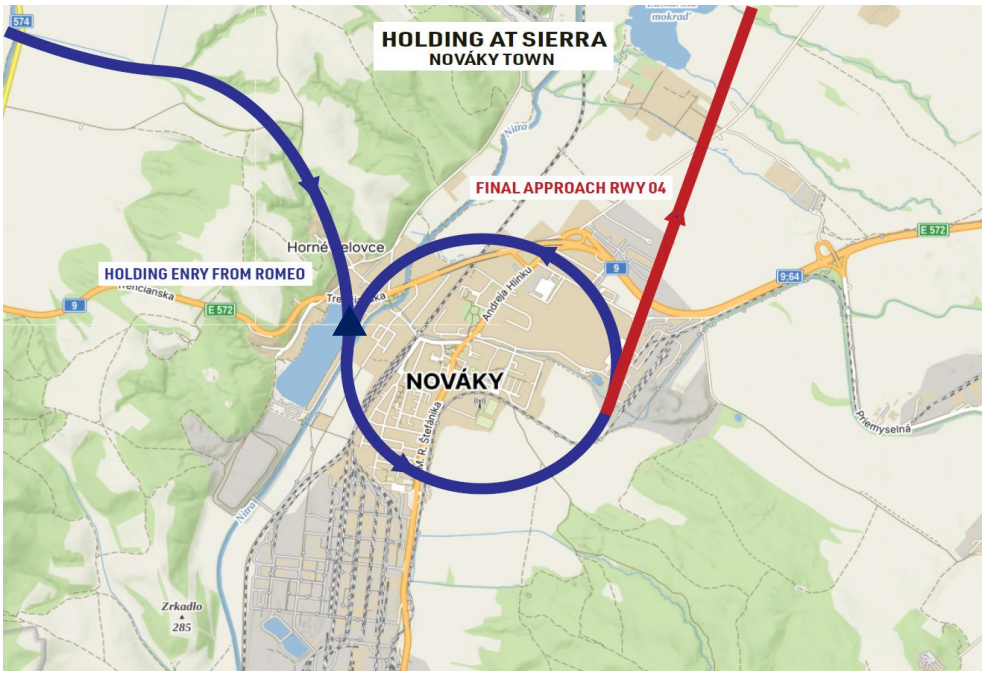
Approaches and landings will be conducted on Runway 04 when wind conditions permit. Arriving aircraft shall report at ROMEO and, following CTAF sequencing, proceed via SIERRA – Nováky town for final approach to Runway 04.

Reporting point:
SIERRA

GPS Coordinates:
N484315
E0183201

Holding pattern:
Left

Altitude:
2500 ft AMSL



Runway 22 Operations

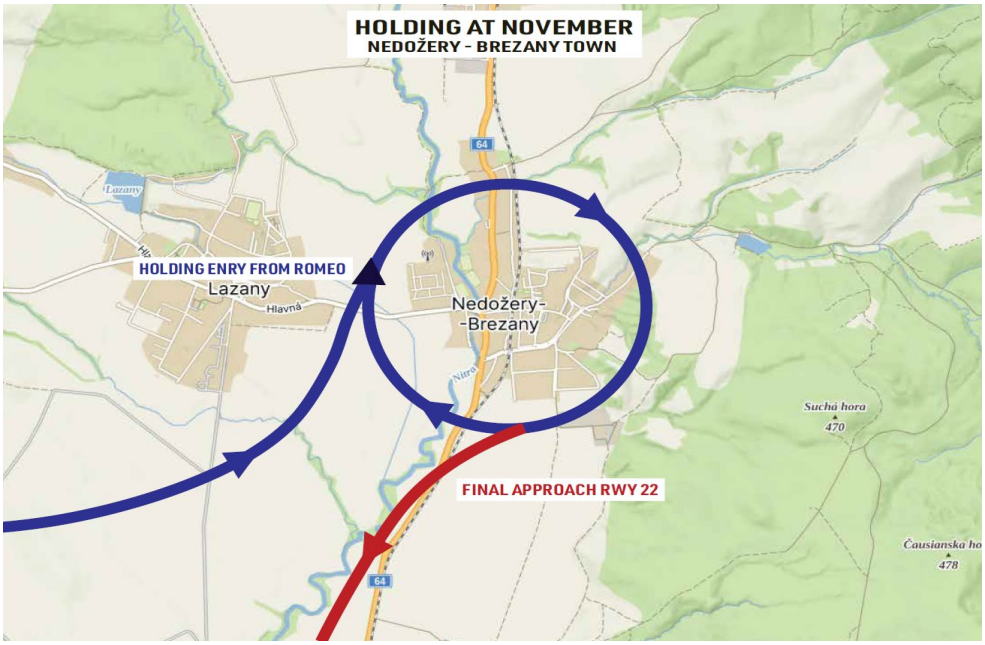
Approaches and landings will be conducted on Runway 22 when wind conditions permit. Arriving aircraft shall report at ROMEO and, following CTAF sequencing, proceed via NOVEMBER – Nedožery-Brezany town for final approach to Runway 22.

Reporting point:
NOVEMBER

GPS Coordinates:
N484906
E0183804

Holding pattern:
Right

Altitude:
2500 ft AMSL

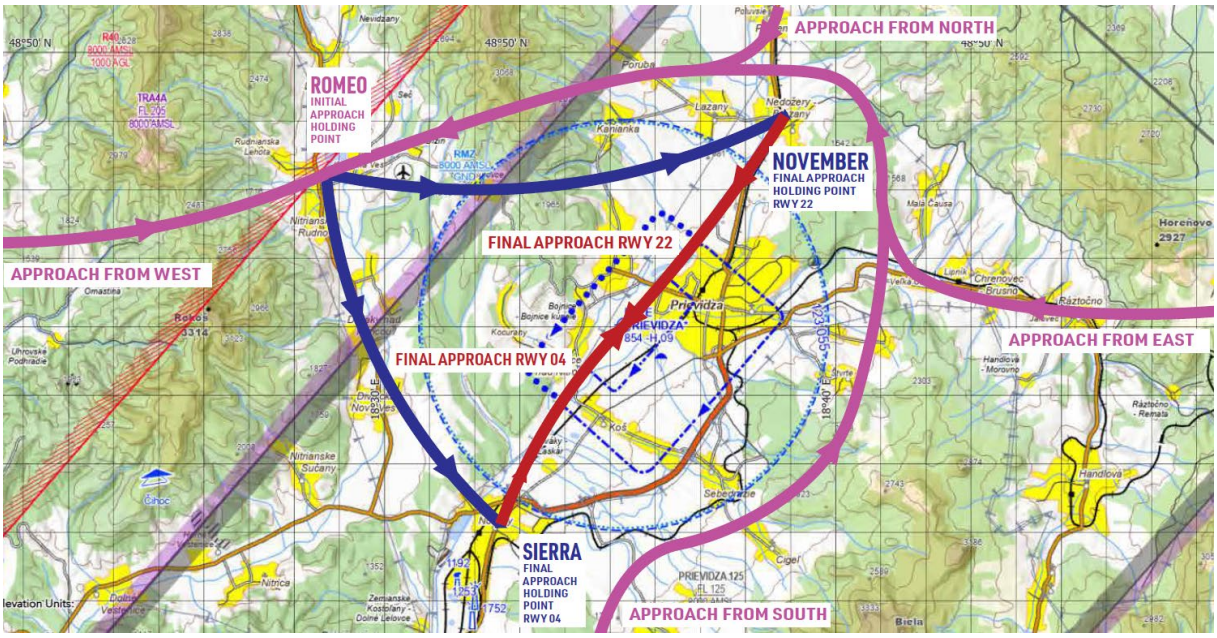


APPROACH AND LANDING

All arriving aircraft shall enter via the designated arrival routes and report at ROMEO. Aircraft may be required to hold at ROMEO for sequencing purposes.

Following CTAF sequencing, aircraft shall proceed from ROMEO to SIERRA for Runway 04 operations or from ROMEO to NOVEMBER for Runway 22 operations before continuing to final approach. Continuous monitoring of CTAF is required at all times.

Approach map:



FREQUENCIES

A continuous CTAF service will be established at the aerodrome to provide coordination and sequencing of arriving and departing traffic.

Prior to entering the RMZ LZPE, pilots shall establish two-way radio communication. CTAF shall be continuously monitored, and all traffic advisories and coordination instructions shall be followed.

FREQ 123,055 MHz Prievidza TRAFFIC

This frequency shall be used for the coordination and sequencing of all arriving and departing aircraft during the event.

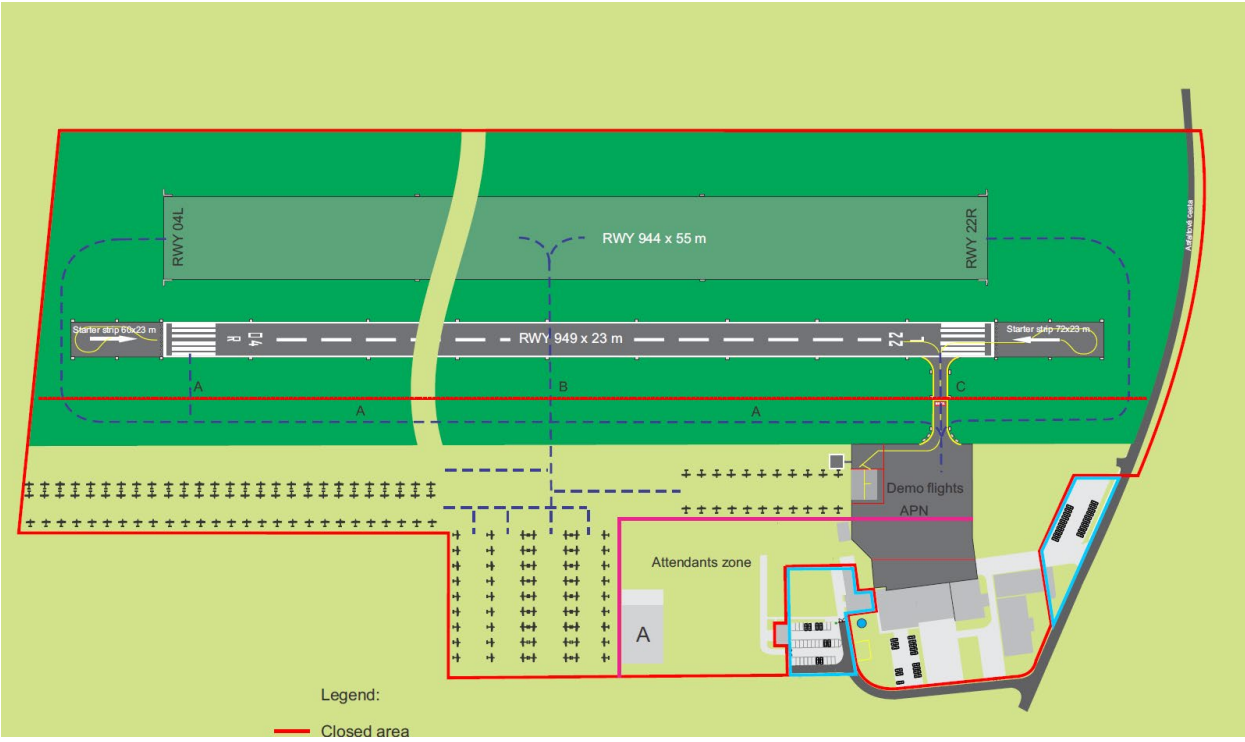
FREQ 119,140 MHz Prievidza AERODROME This frequency shall be used for all ground movements and coordination on the apron and taxiways during the event.

TAXI, PARKING AND MOORING

After landing, vacate the runway expeditiously. Once clear of the runway, switch to the Prievidza Aerodrome frequency and continue to follow aerodrome instructions and TWR guidance. A Follow-Me vehicle will guide aircraft to the designated parking stand.

Aircraft parking will be available during the event. Pilots-in-command are responsible for providing their own mooring equipment and for ensuring that their aircraft are properly secured while parked.

Aerodrome movement chart:



DOCUMENTATION

Each participating PIC shall carry the following valid documents:

PILOT:

- Valid pilot license;
- Valid pilot medical certificate (if required by the State of Registry).

AIRCRAFT:

- Certificate of Airworthiness or equivalent;
- Proof of valid third-party liability insurance;

Category	Maximum take-off weight MTOM (kg)	Minimum insurance (million SDRs)
1	up to 500	0,75
2	up to 1 000	1,5
3	up to 2 700	3

Pilots are responsible for ensuring that all required aircraft documentation is valid and available on board for the duration of the event.

Participants arriving from outside the European Union are responsible for making all necessary arrangements prior to their flight.

PETROL AND OIL

AVGAS 100LL	**3,40 EUR/l**
BA 100	**2,25 EUR/l***
JET A1	**2,10 EUR/l**
XPS Aviation engine oil SAE 5W-50	**On request**
AEROSHELL Sportplus 4 API SL / SAE 10W-40	**On request**

Fuel prices are subject to change without prior notice and may vary in accordance with fluctuations in the global fuel market and the fuel supplier's pricing policy applicable at the time of refueling.

*Fuel will be available from both the fixed refueling station and a mobile refueling unit.

TECHNICAL SUPPORT

EVENT SUPPORT PRIORITIES

As the event organizers will be fully dedicated to supporting participants and ensuring the safe and smooth operation of the event, regular maintenance services and spare parts sales will not be available during the Fly-In.

Participants interested in maintenance services are kindly invited to arrange a separate appointment with Aerospool outside the event dates, when full maintenance support can be provided.

MAINTENANCE SUPPORT

No maintenance services will be provided by the organizer during the event!

Participants are fully responsible for arranging and securing any required maintenance support independently.

In exceptional and safety-critical situations only, minor on-site repairs affecting continued airworthiness may be performed. During the event, one mechanic will be present; however, all support will be strictly limited to essential interventions directly related to flight safety and airworthiness.

SPARE PARTS

No spare parts will be available for sale during the event!

A limited marketplace will be available during the event offering surplus stock spare parts at reduced prices.

All items are offered strictly on an as-is basis. No advice, verification, or confirmation regarding suitability, interchangeability, or applicability to specific aircraft serial numbers will be provided.
